Benefits of the Zero Cash Down Payment Program

1. No Down payment
If you are renting, why pay your landlord's mortgage? Why not reap the benefit of building your own equity? Are you renting because you are held back from owning your own home because you think you need a substantial down payment? The general perception of many would-be-homebuyers and even that of some Realtors® is that a substantial down payment is required in order to purchase a home. This is simply not true. Because of this perception many would-be-homebuyers feel they have to save for years before they have enough

money for a down payment so that they can finally enter the housing market. In the meantime they are lining someone else's pockets, while waiting a long time before they can start building their own equity. Well, with the Zero Cash Down Payment Program you don't need a down payment to buy a home.

2. Buy a Home Now!

If needing a down payment is keeping you from owning your own home, this new program offers you an immediate way to get into the housing market. With the Zero Cash Down Payment Program you don't have to wait to purchase a home.

3. Approved Bank Program

It is important to know that the Zero Cash Down Payment Program is an approved bank program. Review this program with your lender or Realtor® who has specialized knowledge in financing and can assist you with the Zero Cash Down Payment Program.
